

...one story at a time

“

“Every time I hear Jeff speak, he makes me laugh, lifts me up and makes me believe that anything is possible. Jeff held the audience spellbound as he described that we can’t sit on the sidelines and expect our dreams to come true. We need to take charge, jump in with both feet and sometimes even catapult off a cliff to go after our heart’s desire and find our true calling. Jeff’s gift is daring to discuss what others won’t, addressing a diverse crowd and trusting that his message needs to be heard.”

“Jeff is the perfect example of practice makes perfect. The ‘buzz’ has been around the speaking industry how Jeff is just a fabulous speaker. Well, everyone was right. I heard him speak the other day, and it really made me mad! As I was getting comfortable in my speaking career, this guy has to raise the bar and now we all have to up our ‘speaking abilities’ to keep up with him.”
